

# EQUINE MUSCLE RELEASE THERAPY

## DOES YOUR HORSE SUFFER FROM ANY OF THE FOLLOWING SYMPTOMS?

- Unexplained deterioration in performance
- Unexplained resistance
- Irritability
- Uneven muscle development/muscle wastage
- Uneven shoe wear, dragging of hind feet
- Stiffness on one rein
- Intermittent or unresolved lameness
- Disunited paces
- Sore or cold back
- Filled Legs
- Lymphatic or lactic acid imbalance

IF SO, EQUINE MUSCLE RELEASE THERAPY (EMRT™) could help

EMRT™ is the only accredited Bowen Therapy for horses' world wide and has fifteen solid years of research behind it.
