JURA

Welcome to Jura

A short 25 minute drive from Wellington CBD we have created a horse property. Jura is situated on rolling hills with approx 12 acres of land divided into 4 large "herd" fields, two track systems and 7 paddocks for individual containment.

Our care services are aimed at riders and owners who want extra support from experienced horse people with feeding and care. We allow winter grazers access to great facilities with the added support of daily feed outs.

We have 30 years of horse handling and management experience and our property has been set up in a way that supports this.

You can choose a small herd turnout or individual turnout based on your needs. We rotate our herd paddocks every three weeks, and all individual paddocks have access to a track to ensure the horse gets adequate exercise and stimulation.

We do all property maintenance and manage the manure.

Our property is fenced with horse safety in mind—using a mix of Electrobraid and post and rail fencing.

We also have an rubber sand arena available for schooling and access to hundreds of acres of farm riding.

Jura is a short drive to Battlehill, Te Marua, Belmont and Upper Hutt pony clubs.

HOLIDAY CARE AT JURA

Our holiday care service is aimed at people who want the best care for their horses when they cannot be there. Our care service is ideal for owners going away on holidays or perhaps you want your horse cared for during winter when feed is low and you want to rest your own paddocks.

WINTER CARE AT JURA

Our winter turn out option is ideal for owners who still wish to ride in the weekends but want to save time and (petrol!) money during the week tasking us with the daily requirements of feed and covering. You have access to our facilities including under-cover cross tie stalls, all weather flood lit arena and storage for your tack in a lined, airy and dry barn. We also have full laundry, bathroom and kitchen facilities within the barn—to enable you to wash and dry horse rugs, access to hot water and even make yourself a cup of hot tea!

WINTER AND HOLIDAY CARE PRICES

\$10.00 per day per horse

Lodged in a paddock either with a small friendly herd or individually. Covers are checked and changed in the morning and in the evening.

Horses can be fed out either once or twice a day with owner supplied hard feed.

JURA FEED PRICES

Meadow Hay \$5.80 per day

If you don't want to get stuck with managing bulky hay we can supply excellent quality meadow hay with no dock or thistles and a high clover content.

This will see your horse feed out 2 biscuits of hay morning and night.

Lucerne/Meadow Hay \$8.00 per day

If your horses need a little extra we can offer owners excellent quality lucerne hay to be fed in combination with our high quality meadow hay.

This option will see your horse feed out 2 biscuits of hay -1 meadow hay and 1 lucerne hay morning and night.

Haylage \$8.00 per day

If your preference is to feed haylage to your horse we can supply locally sourced haylage with 10kg fed per day.

Hard Feed—\$6.00 per feed

We can happily supply hard feed we can supply: Chaff and Sugarbeet with 2kg of your preferred concentrate.

Grass Turnout—n/a 2011

We have available several fertilized, horse friendly grass paddocks available for winter turnout—ideal for poor doers.
