

# RIVERBANK FARM EQUINE

Ray Lenaghan and Jane Abbott (now Mrs Lenaghan!) have been developing their Otaki property into an equestrian playground!

Ray is an Equine Veterinarian and Jane has 25 years horse training experience. Together, their aim is to create an all purpose facility with a positive outlook, where people of all levels are welcome to come to improve their riding and horse communication skills in a friendly and safe environment.

## FACILITIES

The Property has a 30m by 60m all weather fenced arena, ideal for dressage and jumping.

An exercise track runs around the perimeter of the 18 acre block, and there is access to hacking along the banks of the Otaki River. There are a variety of x-country fences including logs, A-frames, a dog kennel, tyres, a water jump, ditch, a keyhole type fence, and more to come.

A 16 metre round pen provides an ideal area for natural horsemanship lessons and de-sensitising sessions.

There is a stable block with tea/tack room, feed room, chemical toilet, loose boxes and tie ups for getting ready out of the elements. There is ample room for float/truck turning and parking, a hosing bay and plenty of horse yards are also available.

## PRIVATE LESSONS

Jane is available for private dressage, jumping, or natural horsemanship lessons during the week and some weekends. If you don't have your own horse, (or if it is out of action for some reason), and you are wishing to keep up with your riding, Jane is also now offering lessons on one of her horses.

### 2008 -Prices for private lessons- Dressage or Jumping (45mins-1hr)

- At Riverbank Farm:
- On a 'school horse' at Riverbank Farm:
- Private at another location:
